

## FAA Hot Drill

### Course Description

This is an annual refresher course for fire fighters working at airports. It fulfills the FAA requirement for annual firefighting training. Participants will receive training in a variety of areas, including small and large flammable liquid fires, SCBA familiarization, and aircraft engine/tire assembly fires. The course can be customized to also include search and rescue, aircraft entry/exit, and response to airport structures. This course meets and exceeds the standards set forth by FAA/FAR part 139.139 (J) 3 (Hot Drills).

### Certification Information

### Class Notes

Hours	Cost (per day)
4	\$300

The lower listed cost applies to all Louisiana Municipal Fire Departments who are issued a Fire Department ID from the State Fire Marshal's Office.
