

Please Note: Fees are based on the number of masses or lesions biopsied. Therefore, each separate site will count as one (1) biopsy. **Standard biopsy charge (HB002, HB011, and HB013) for the first mass depending on size. Additional charges will apply per additional mass based on size (HB114, HB115, HB116).** If more than one mass is submitted, the one with the largest linear dimension will be considered for the initial standard biopsy charge. In rare circumstances, preparation of additional slides may be required for a thorough evaluation of a particular biopsy specimen; **additional slides beyond standard will be charged separately (HB007).**

Sometimes pathologists will request extra special staining procedures at their discretion to attempt a definitive diagnosis on biopsies. There will be additional charges for these stains, and they will be billed to the client. If a pathologist recommends immunohistochemistry (IHC) or any other testing on a biopsy, the pathologist will indicate his/her recommendation within the comment section of the report. If the client agrees and approves additional testing, the client will need to contact the laboratory and indicate the desire to proceed with the additional testing. Additional charges for IHC or other testing will be billed to the client after obtaining consent.

BIOPSY				
Standard biopsy fee for 1 (one) tissue/lesion or site submitted in a jar, 2.5 cm or less , H&E and up to 3 slides (<i>HB007 applies for each additional slide above 3</i>)	HB002	\$82.00	M-F	24 hrs.
Multiple tissues/lesions/sites, surcharge per additional tissue/lesion/site submitted in a jar, each 2.5 cm or less , H&E and up to 3 slides (<i>HB002 + \$45/additional site; HB007 applies for each additional slide above 3</i>)	HB114	\$45.00	M-F	24 hrs.
Multiple tissues/lesions/sites, surcharge per additional tissue/lesion/site submitted in a jar, each 2.5 cm -10cm , H&E and up to 5 slides (<i>HB007 applies for each additional slide above 5</i>)	HB115	\$75.00	M-F	24 hrs.
Biopsy surcharge each additional tissue block (cassette)¹ /submission , H&E (when more than the standard number of blocks/slides per submission are needed). Extra fee for each additional slide	HB007	\$15.00	M-F	24 hrs.
Biopsy any single tissue/lesion 2.5-10 cm - includes additional cost of tissue fixation, trimming, preparation up to 5 slides , and reading additional slides by pathologists (<i>Any additional slide beyond will be charged separately HB007</i>)	HB011	\$135.00	M-F	24 hrs.

Biopsy any single tissue/lesion >10 cm - includes additional cost of tissue fixation, trimming, preparation up to 8 slides , and reading additional slides by pathologists (<i>Any additional slide beyond will be charged separately HB007</i>)	HB013	\$160.00	M-F	24 hrs.
Multiple tissues/lesions/sites , surcharge per additional tissue/lesion/site submitted in a jar, each >10cm , H&E and up to 8 slides (<i>HB007 applies for each additional slide above 8</i>)	HB116	\$120.00		24 hrs.
Biopsy complex organs (surgically removed [whole organ or lobe] spleen, liver, lung) up to 8 slides	HB117	\$160.00		24 hrs.
Biopsy skin/dermatological conditions H&E (reviewed by both pathologist and dermatologist) - H&E up to 4 punch biopsy sites (<i>HB007 applies for each additional slide above 3</i>)	HB003	\$100.00	M-F	24 hrs.
Bone biopsy (excluding amputated digits, limbs or mandible/maxilla) H&E and up to 3 slides - Fee includes decalcification	HB004	\$100.00	M-F	Varies (3 days to 5 weeks)
Biopsy bone marrow H&E and up to 3 slides - Fee includes decalcification	HB005	\$95.00	M-F	24 hrs.
Amputated digit - Fee includes decalcification and up to 5 slides	HB118	\$132.00		24 hrs.
Mandible/maxilla - Fee includes decalcification and up to 5 slides	HB119	\$152.00		24 hrs.
Bone mass large (e.g., amputated leg, scapula, or any other large bone tumors) H&E - Fee includes dissection/fixation (if needed), decalcification and up to 5 slides	HB006	\$180.00	M-F	Varies (3 days to 5 weeks)
Biopsy eye	HB008	\$105.00	M-F	48-72 h
Biopsy surcharge tissue fixation, trimming and preparation (per case) H&E	HB010	\$40.00	M-F	24 hrs.
Grossing fee/tissue/jar (tissue trimming)	HB014	\$17.00	M-F	NA
Biopsy Consultation per block or slide (includes H&E stain)	HB120	\$60.00	M-F	24-48 h
HISTOPATHOLOGY				
Histology one cassette (1 slide) ¹ - process, embed, paraffin sections, H&E stain, coverslip & label (per cassette or slide) - this is also the surcharge for additional slides per case	HP015	\$15.00	M-F	24 hrs.
Histology eye and large tissues/cassette (slide)	HP016	\$22.00	M-F	48-72 hrs.
Histology from poultry (backyard or commercial) necropsies up to 6 cassettes (six slides) - process, embed, paraffin sections, H&E stain, & coverslip (<i>HB007 applies for each additional slide above 6, and any other special processing fees may apply</i>)	HP017	\$80.00	M-F	24 hrs.

Histology Laboratory Phone #: 225-578-9724

¹ Block = Cassette = One slide.

² LSU & SVM researchers should contact the anatomic pathologist directly and negotiate if interested in collaborating in a research project. They are required to complete additional paperwork. **Please call 225-578-9724 or e-mail Ms. Kendra Shultz (kshult1@lsu.edu).**

³ Required to complete additional paperwork. Contact the anatomic pathologist or the resident in-charge of the case.

⁴ Researchers should complete additional paperwork and provide the following information at the time of placing the order: Name of the PI, contact information (e-mail and Phone), grant #, grant Expiration date, and alternative grant # (if the given grant is expiring within 60 days).

⁵ To have 24hr turnaround time the specimen must be fixed at the time of submission.

⁶ *Additional fee for technical time per hour may be applied (HS050)*
