

### **Current funding**

Sones, J., Beckers, K. Characterization of the placental microbiome in the obese preeclamptic-like BPH/5 mouse, 2019 SVM CORP, \$10,000.00

Chang, J. S. M., Sones, J., Redman, L. M., Muenzberg, H. Regulation of BAT Function and Offspring Metabolism via Maternal-Fetal Crosstalk, Pennington Biomedical Research Center, Nutrition Obesity Research Center, \$65,288.00, July 28, 2017 – Present

### **Pending funding**

Sones, J. Obesity-driven inflammation alters placental development and contributes to adverse maternal-fetal outcomes in a mouse model of preeclampsia, National Institutes of Health R21

Stephens, J., Sones, J., et al. Metabolic Basis of Disease, National Institutes of Health COBRE

### **Past Funding**

Reijnders, D., Sones, J. Reducing dyslipidemia: the use of statins to improve placentation in the preeclampsia-like BPH/5 mouse, VCS Corp, \$5,000.00, October 1, 2018 - June 30, 2019

Oberhaus, E., Sones, J. Hormonal induction of early cyclicity in seasonally anovulatory equids, 2018 ACRES, \$47,471.00, August 1, 2018 – June 30, 2019

Sones, J., Elks, C. The contribution of distinct cell populations within maternal adipose tissue on complement levels in the preeclamptic-like BPH/5 mouse. 2018 SVM CORP, \$9,200.00, August 1, 2018 - June 30, 2019

Sones, J., Heil, B., King, G. Metagenetic characterization of the resident uterine microbiome in the horse., Equine Health Studies Program, \$12,000.00, August 26, 2017 - June 30, 2019

Reijnders, D., Sones, J. Metabolic characterization of the BPH/5 mouse model of preeclampsia, VCS Corp, \$6,000.00, October 1, 2017 - June 30, 2018

Sones, J., Douglas, N. C., Redman, L. M. The role of maternal adiposity in complement deposition at the maternal-fetal interface during early pregnancy in the preeclamptic-like BPH/5 mouse., SVM Corp, \$10,000.00, August 1, 2017 - June 30, 2018

Sones, J., Redman, L. M. The role of maternal adipose tissue in the preeclamptic-like BPH/5 mouse., Louisiana Biomedical Collaborative Research Program, \$50,000.00, September 22, 2016 - June 30, 2018

Beavers, K., Sones, J. Measurement of serum amyloid A levels in clinical cases of equine placentitis., Equine Health Studies Program, LSU SVM, \$6,000.00, August 24, 2016 - June 30, 2017

Davolli, G. M., Pinto, C. R., Sones, J., Paccamonti, D. L. Antiluteogenic Treatment of Hemorrhagic Anovulatory Follicles Induced with Flunixin Meglumine, Equine Health Studies Program, \$6,000.00, August 1, 2016 - June 30, 2017

Leisinger, C. A., Pinto, C. R., Sones, J., Paccamonti, D. L. Characterization of steroid hormone responsive genes in the equine endometrium during induced aluteal cycles, VCS CORP, \$4,000.00, August 15, 2016 - June 30, 2017

Leisinger, C. A., Pinto, C. R., Sones, J., Paccamonti, D. L. Developmental characteristics of in vivo equine embryos produced during induced aluteal cycles, Charles V. Cusimano EHSP grant, \$6,000.00, August 15, 2016 - June 30, 2017
